THE PRIDE OF KAOHSIUNG CITY

I-Shou University (ISU) is situated in the Guanyin Mountain area of northeastern Kaohsiung. The University firstly opened its gates in 1990. Today, with its continuous development, ISU has **7 colleges, 43 departments and programs, 14 masters programs, and 5 doctoral programs** open to international students. Moreover, The International Foundation Programs (IFP) also prepares international students with their Chinese proficiency before starting their degree courses. The University has approximately **11,000+ students (1,500 overseas students)** and **480 full-time faculty members**, 90% of whom possess doctoral degrees, making it a young and promising institution of higher education with a great potential.

ACADEMIC AND INDUSTRIAL SUPPORT BY E-UNITED GROUP

E-United Group, to which ISU is affiliated, **real estate & leisure development**, including **Yieh Phui Enterprise Co., Ltd. and Yieh United Steel Corporation, E-DA Hospital, Kaohsiung Morriott Hotel, E-DA World and etc.** With the generous financial support from E-United Group, the University has equipments and facilities that are unparalleled among other universities in Taiwan. Also, the University is one of the few comprehensive universities that **integrate theory into practice, and are cognizant of and responsive to the needs of industries.**

COMPREHENSIVE UNIVERSITY: THEORY & RESEARCH

With the support of E-United Group, ISU provides substantial offers to recruit faculty members with research specialties and practical experiences from different disciplines and professions. With the **Artificial Intelligence-driven curriculum designs**, **ISU underlines the importance of equipping students with computing foundations for their future career opportunities.** Thus, faculty members are encouraged to engage students in not only **tapping into interdisciplinary studies**, but also researching the cutting-edged points in their respective fields.

INDUSTRY-UNIVERSITY COLLABORATIONS

In addition to collaboration with affiliated companies of E-United Group, the University also actively seeks opportunities to work with other business entities for recount programs. By so doing, students are provided with more hands-on experience to work in different sectors. There are some **600 business entities working with the University in the form of industry-university collaboration, including industries of technology, electronics, medical services, iron and steel, hospitality and tourism, and department stores.** The University aspires to meet the needs of different industries, cultivate professional talents, and carry out university-specific research projects.

CAMPUS FACILITIES

I-Shou University offers **7 English** taught programs. Overseas studies, exchange programs or dual-degree programs are also available,

Sport facilities at campus: **athletic field, gymnasium, swimming pool, fitness center, volleyball, tennis, basketball courts, and golf range,**

University is located in the entertainment hub of **E-DA World**: 2 hotels, outlet mall, and theme park,

Multiple cafeterias on Main Campus and Medical campus offer both Chinese and Western cuisines,

ISU students may choose among over a hundred of **student clubs** to enrich their campus life,

Self-owned shuttle bus service is available from both campuses to major downtown locations,

ISU is a mobile-friendly environment, so students can enjoy **nonstop full-campus Wi-Fi coverage.**

DEPARTMENTS & PROGRAMS

COLLEGE OF INTELLIGENT SCIENCE & TECHNOLOGY

IEET

- Electrical Engineering **M D IFP**
- Electronic Engineering **M D IFP**
- Information Engineering **M D IFP**
- Information Management **M IFP**
- Equipment Engineering **E INTENSE**
- Artificial Intelligence Technology **E**

COLLEGE OF ENGINEERING

IEET

- Civil Engineering **IFP**
- Materials Science & Engineering **M D IFP**
- Chemical Engineering **IFP**
- Mechanical & Automation Engineering **IFP**

COLLEGE OF COMMUNICATION AND DESIGN

- Mass Communication
- Film & Television
- Master Program of Cultural Creative Communication & Design **M**

COLLEGE OF MEDICAL SCIENCE AND TECHNOLOGY

- Medical Imaging & Radiological Sciences
- Medical Laboratory Science
